

Corrigan Oil returns in 2019 as Title Sponsor!

We are very happy to announce that Corrigan Oil is returning in 2019 as our title sponsor for the Speedway. In 2018 Promoter Jim Leasure and Corrigan Oil put together a naming rights deal at the speedway that was a fantastic fit. It is the best kind of partnership. One that works for everyone.

Promoter Jim Leasure had this to say about the relationship "Corrigan Oil Company, the tracks title sponsor was a small single gas station in 1958 when Bernie Corrigan started. In fact Bernie sold his wife's car to buy their first wrecker. They haven't stopped growing since.

Today Bernie's sons, Tim and Mike Corrigan own the business which has grown to employ well over a thousand employees, operate not only more than 60 retail locations, but also General Construction, Propane, Environmental, Lubricants, Transportation and Towing (large & small, just to name a few. Their company is built on integrity and on their word, just the way the Company was started in 1958.

We're proud to carry the name Corrigan Oil Speedway and will always represent Corrigan Oil with the same pride and integrity they deserve."

We are proud to have Corrigan's involvement in 2019 racing. Sponsor involvement helps keep short track racing on solid ground for the future. Please keep this in mind when you are in need of fuel or many of the other services and products that Corrigan has to offer!
