

Performance Automotive Northwest renews marketing partnership for 2019

[Performance Automotive Northwest](#)

is returning as a marketing partner with

Corrigan Oil Speedway for 2019. The Performance Automotive Street Stock Division will be one of the primary divisions for our Friday night races and a division in our DTS Sunday Slugfest Series for the upcoming race season! Corrigan Oil Speedway Promotor Jim Leasure had the following to say about the relationship: "Performance Automotive Northwest has been a sponsor level supporter of

Corrigan Oil Speedway since 2003. This family operated business is a joy to business with. There are other John Deere dealers around, but not better. Not even a comparison. Best Prices. Best Service. Best People. We have enjoyed seeing Greg and his family at company outings at Corrigan. You'll find their group seated under our American Flag enjoying the races. A perfect example of an American business enjoying America's pass time. "

You can find our friends at [Performance Automotive Northwest](#) in Jackson. The address is:

Location: 2710 Airport Road, Jackson,
Michigan 49202 USA
(across from Meijer)

LOCATE US on Google Maps

Hours: Weekdays 7:30am-8pm ▪ Saturday 8am-5pm ▪ Sunday 10am-4pm

Email: Info@PerformanceAutomotiveNorthwest.com

[Performance Automotive Northwest](#) has a complete line of Auto Parts, John Deere power equipment, Stihl, Husqvarna and much, much more. Greg has a unique maintenance program at Performance Automotive Northwest and you will often see their service truck out and about in

the area communities servicing the equipment that they sell. We welcome Performance Automotive Northwest back to the racing scene for the 2019 Season. We'll be putting the John Deere equipment here at the track through a tough work summer preparing the grounds and the track. It's a pleasure to have a great dealer like Performance Automotive Northwest if we need a piece of equipment serviced or a component replaced. Looking forward to the 2019 Race Season!
