

The Parts Place NAPA extends their sponsorship role in 2019!

The Parts Place NAPA extends their sponsorship role as the title sponsor of the Corrigan Oil Speedway Bandolero Division.

Since 1963 The Parts Place NAPA has truly been your locally owned and operated parts supplier. Starting out with one store in Holt and today they operate 8 stores locally.

The business began with a Father and Son team of Frank and Dewey Seehase and today is owned and operated by brothers Dick and Dave Seehase as well as their sister Cindy and her husband Larry Meirndorf.

You cannot stay in business for over 50 years if you're not doing something right. One of their secrets to success is retention of highly qualified people. Enter any store and you will see the same familiar faces day after day and that speaks for itself.

The parts Place NAPA has a long history of supporting community events as well as short track racing and at Corrigan Oil Speedway we always ask that we all support those that keep weekly short track racing healthy and alive.
